You have been your child’s teacher from the day he or she was born.

You know more about your child than anyone else, and you are in the best position to help your child get ready to read. Whether your child is four days old or four years old, it is not too early or too late to help him or her develop pre-reading skills. You can help your child learn language and other early literacy skills with simple and fun activities like those in this calendar.

**THE RHYMING WORD SONG**

Do you know two rhyming words, rhyming words, rhyming words?
Do you know two rhyming words? They sound a lot alike.

*Cat* and *bat* are rhyming words, rhyming words, rhyming words

*Cat* and *bat* are rhyming words. They sound a lot alike.

CHANGE UP THE RHYMING WORDS TO CREATE NEW VERSES. FOR EXAMPLE:

*Play* and *day* are rhyming words, rhyming words, rhyming words . . .

**HEY DIDDLE DIDDLE**

Hey Diddle Diddle
The Cat and the Fiddle
The Cow Jumped Over the Moon
The Little Dog Laughed
To See Such Sport
And the Dish Ran Away with the Spoon

**FIVE LITTLE SNOWMEN**

Five little snowmen standing in a row,
*Hold up five fingers*
Each had a hat and a big red bow.
*Put hands on head and then neck*
Out came the sun and stayed all day,
*Circle arms overhead*
And one little snowman melted away.
*Slump down*

REPEAT WITH 4, 3, 2, 1, UNTIL NO SNOWMEN ARE LEFT.

How we read to children is as important as how often we read to them.

No matter what your child's age, reading together with your child—or shared reading—is the single most important activity that you can do to help your child get ready to read. Engage your child in back and forth conversation about the books you read. Children learn more words when they have the opportunity to respond to questions. If English is not your first language, speak to your child in the language you know best. This allows you to explain things to your child more fluently.

Playing to learn new words.

Play is one of the best ways for children to learn language and literacy skills. Play helps children feel a sense of accomplishment and self-confidence. This motivates them to try new experiences and not to give up when something seems difficult. Also, it’s fun!

Talking is one of the best ways for children to learn new words.

Speak to your child often during the day and try to use many different words to express your ideas. Children love to imitate, and they will try to imitate your speech. Chances to chat include while you are getting dressed in the morning, eating breakfast, riding in the car, walking from the car to a store, playing together, doing chores, taking a bath, going to bed, and while saying goodnight. Ask lots of open-ended questions, those that require more than a yes or no answer.

Good readers have a large vocabulary.

Knowing lots of words helps children better understand what they read. You can help your children learn lots of words by:

- Having plenty of conversations. Take turns talking. It is important for you to ask questions and listen to what your children say in response.
- Read together! A lot!
- Make connections. Connect what you are reading in books to their lives. “Yes, Grandma has a black cat, too.”
- Repetition. Children often love to read the same book over and over. This is a good thing as repeated readings help build vocabulary.

**ANTS GO MARCHING**
The ants go marching one by one, hurrah, hurrah.
The ants go marching one by one, hurrah, hurrah.
The ants go marching one by one,
The little one stops to eat a plum.

One way children learn vocabulary is from listening to stories.

They listen to understand what is being said, which helps them learn new words. Stories aren’t just found in books. You can tell stories about your day, your memories from growing up, or something about your child’s life. You can also use wordless picture books and make up a story together. With wordless books, you can develop imagination along with language and vocabulary skills. Make it fun! Having fun with words helps your child become more aware of words and eager to learn more.

Eating her curds and whey
Along came a spider
And sat down beside her
And frightened Miss Muffet away

You are your child’s first teacher, and your home is where your child begins to learn.

Make your home a great place to learn. It doesn’t take money to create special places where you and your child can talk, sing, read, write, play, and count. Here are a few ideas.

**PLACES TO READ**
Create a special space for your children to look at books. Have a comfortable chair or pillows and a small shelf or basket for favorite books. Make sure there’s room for you and your child to sit together and that your child can reach books without needing help.

**PLACES TO WRITE**
Make it easy for your child to write throughout the day. Set up a space where your child can go on his or her own and use writing materials. Provide pencils, crayons, or markers of different sizes so your child can write with what is most comfortable. Use unlined paper.

**PLACES TO PLAY**
Play requires a little space, simple props, and some imagination and encouragement. You don’t need special toys or expensive electronics. Provide props like large boxes, old clothes or costumes for dress up, empty food containers, and empty paper towel rolls. Play comes naturally to young children and is one of the primary ways they learn. Provide plenty of opportunities for your child to play.

**B-I-N-G-O**
There was a farmer who had a dog and Bingo was his name—oh.
B-I-N-G-O,
B-I-N-G-O
B-I-N-G-O
and Bingo was his name—oh.

There was a farmer who had a dog and Bingo was his name—oh.
(clap)-I-N-G-O,
(clap)-I-N-G-O
(clap)-I-N-G-O
and Bingo was his name—oh.

Continued until all the letters in Bingo’s name are replaced with claps.

**MARY HAD A LITTLE LAMB**
Mary had a little lamb,
Its fleece was white as snow,
And everywhere that Mary went
The lamb was sure to go;
It followed her to school one
Which was against the rule,
It made the children laugh and play
To see a lamb in school.

Children’s reading success in kindergarten and beyond begins with positive language and literacy experiences from the time they are infants.

- Young children have shorter attention spans. You can do activities for short bits of time throughout the day or whenever you have the chance.
- You can help your children learn in ways and at times that are best for them.
- Parents are tremendous role models—if your children see that you think reading is important and enjoy it, they will follow your lead.
- Children learn best by doing—and they love doing things with YOU!

WHEELS ON THE BUS
The wheels on the bus go round and round,
Round and round, round and round.
The wheels on the bus go round and round,
All around the town.
The wipers on the bus go swish, swish, swish . . .
The driver on the bus says “move on back” . . .
The people on the bus go up and down . . .
The babies on the bus go “wah, wah, wah” . . .
The parents on the bus go “shh, shh, shh” . . .

IF I WERE A BIRD
If I were a bird, I’d sing a song
And fly about the whole day long.
And when the night comes, go to rest,
Up in my cozy little nest.

Playing to Learn New Words

Play and have fun with words:

- Read a book with lots of made-up words like “How Do You Wokka-Wokka?” by Elizabeth Bluemle. Many books by Dr. Suess also are excellent for this purpose. Try making up more words to go with the story.

- Silly poems are fun and can teach new vocabulary.

- Kids love riddles and jokes, which often use a “play on words.” Laugh along as you talk about the answer to the riddle or joke.

- Having fun with words helps your child become more conscious of words and happy to keep learning.

Put your books somewhere at home where your child can see them. Let your children see you reading. Talk about what you’ve read, even if it is just to say, “That was a good book. I liked reading it.”

**Note:** The activities are designed to be fun and educational, encouraging literacy and language development through daily interactions. Each day offers a different activity focused on writing, playing, talking, singing, counting, and reading, tailored to help children develop essential skills.
Listening to nursery rhymes and songs is an early literacy experience that helps children understand how language and stories work.

Recite rhymes and sing songs with children from the time they are infants. This helps them become aware of and then play with the sounds in the words. Many rhymes tell a story with a beginning, middle, and end. This shows children how stories work and that events happen in a sequence. Good readers understand that stories and books have a beginning, middle, and end. After reciting a rhyme or singing a song ask your child about the song. What happened at the beginning? What happened at the end?

Meow, Meow, Meow
Let us have some pie.

**THE FROST SONG**
_Sing to the tune of “The Farmer in the Dell”_

The frost is in the air.
The frost is in the air.
It's wintertime, it's wintertime,

It's wintertime, it's wintertime,
The frost tells me it's cold.

**COLD AND SNOWY MORNING**

On a cold and snowy morning

This is the way we build a snowman
