

Tasty Treats with Miss Terri:

Frozen-Inspired White Hot Chocolate

Watch the companion video on White Oak TV, our YouTube channel,
in the Tasty Treats playlist: <http://bit.ly/WOplaylists>

Ingredients Needed:

C = cup, t = teaspoon, T = tablespoon

- 1 C milk
- 1 C half-and-half
- 1 C white chocolate chips
- Blue food coloring
- 1/4 cup sugar

Materials Needed:

- Mixing materials
- Stovetop pan
- Measuring cup
- Small bowl
- Cup or mug

Recipe Steps:

Step 1: In a stove-top pan, place 1 C milk and 1 C half-and-half on a low heat. **Half-and-half can be substituted with another C of milk; hot chocolate will be less creamy.

Step 2: Slowly pour in 1 C white chocolate chips and stir until chocolate has completely melted. Do not let milk mixture come to a boil.

Step 3: Once chocolate has melted, add drops of blue food coloring and stir.

Step 4: Set hot chocolate aside to cool down. Take the small bowl and pour 1/4 C sugar and 2-3 drops blue food coloring in. Mix together

Step 5: Take rims of glasses into sugar until getting preferred amount of sugar on cup.

Step 6: Pour hot chocolate into glass.

Enjoy!
